IN THE COLD LATVERIAN NIGHT, ZEFIRO GYPSIES STAND GUARD OUTSIDE A CAMOUFLAGED HANGAR--
--BUILT INTO THE MALHELA MOUNTAINSIDE A CENTURY PAST BY THE LEGENDARY VICTOR VON DOOM.
WE STAY HERE ANY LONGER, AND WE'RE ALL DEAD.
--TRANSFORMED INTO REVOLUTIONARIES BY AN ENIGMATIC FIGURE CLAIMING DOOM'S NAME AND TITLE--
--THEY CHALLENGE THE RULE AND AUTHORITY OF THE CYBORG, TIGER WYLDE.
IT'S NOT SAFE ANYWHERE ELSE. AND DOOM ASSURES ME WYLDE CAN'T FIND US HERE.
GET REAL, FORTUNE. THIS TECH'S BEEN GATHERING DUST FOR A HUNDRED YEARS.
I DON'T TRUST IT ANYMORE THAN I TRUST HIM.
THEN TRUST ME... TRUST MY TAROT READINGS...
WE CAN'T RID LATVERIA OF TIGER WYLDE WITHOUT DOOM.
FORTUNE, YOU KNOW I'D DIE FOR YOU--FOR THE TRIBE--
BUT NOT FOR DOOM. HE'S NOT ONE OF US.
I DON'T THINK HE'S EVEN HUMAN...

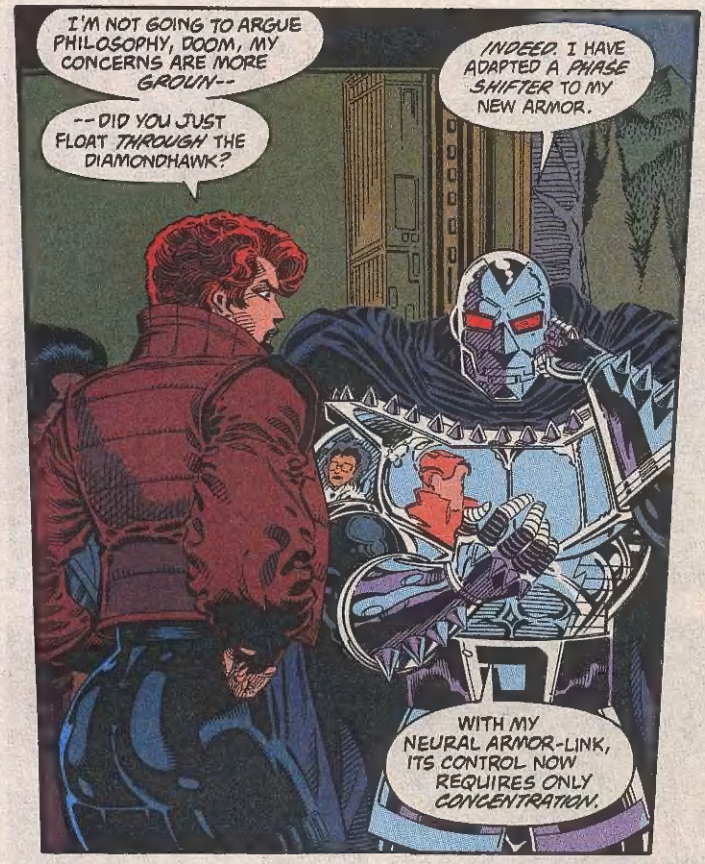
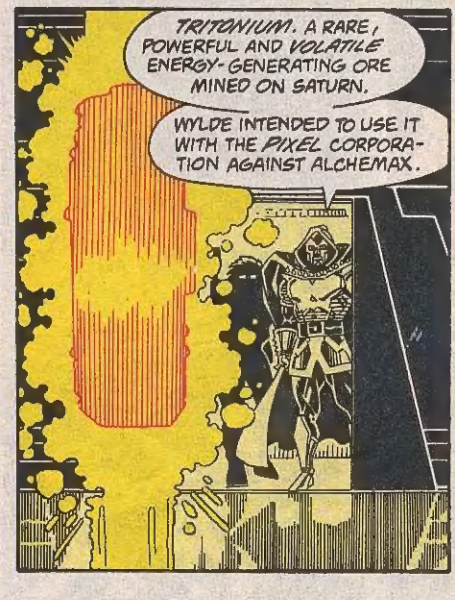
UNTO THE BREACH
IN TIMES OF REVOLUTION--
--HUMANITY IS AN OVERRATED COMMODITY.
IN THE 20TH CENTURY, DOOM RULED LATVERIA WITH AN IRON HAND AND A SINGLE-MINDED VISION--
--ONE OF A COUNTRY APART FROM THE PETTY POLITICS AND MILITARY GAMES OF LESSER MEN--
--A COUNTRY GRACED BY HIS UNRIVALED GENIUS AND PROTECTED BY HIS UNMATCHED POWER.
THEN DOOM VANISHED, AND IN THE DECADES FOLLOWING HIS DISAPPEARANCE, LATVERIA DECAYED AND CRUMBLED.
NOW, THE RETURNED DOOM HAS RE-CREATED HIMSELF, A NEW MAN FOR A NEW WORLD--
--DETERMINED TO RECLAIM AND REBUILD THE COUNTRY THAT WAS ONCE HIS.



I'M NOT GOING TO ARGUE PHILOSOPHY, DOOM, MY CONCERNS ARE MORE GROUN--
--DID YOU JUST FLOAT THROUGH THE DIAMONDHAWK?
INDEED. I HAVE ADAPTED A PHASE SHIFTER TO MY NEW ARMOR.
WITH MY NEURAL ARMOR-LINK, ITS CONTROL NOW REQUIRES ONLY CONCENTRATION.

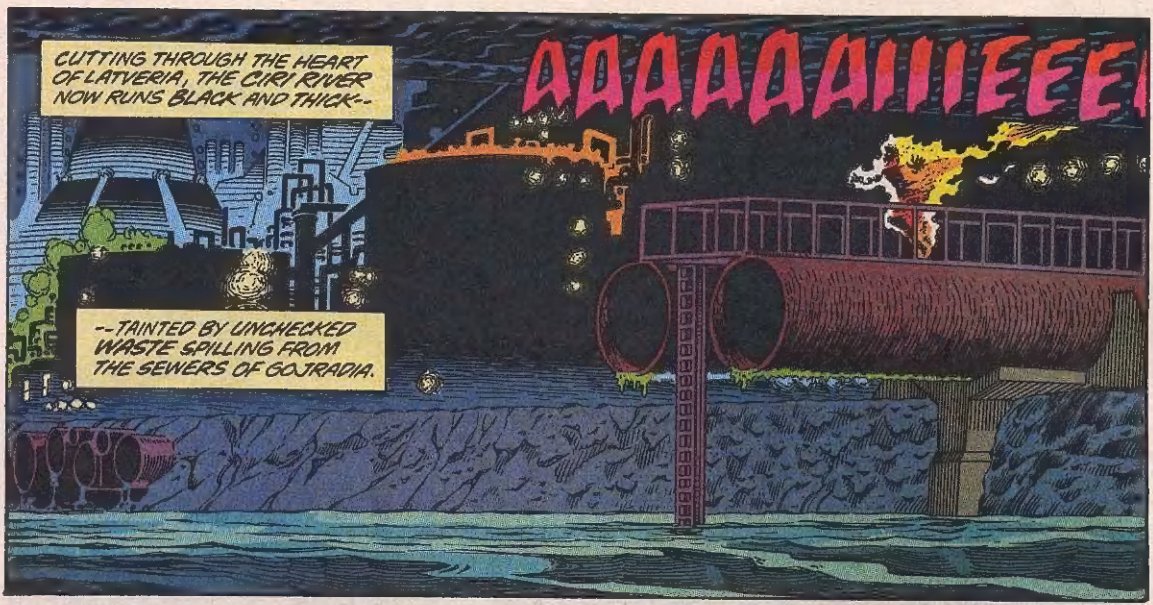
SCOPE THIS, HE'S BRAGGING.
CONCENTRATE ON THIS, DOOM--
WYLDE'S TRACKERS ARE OUT IN FORCE LOOKING FOR THE TRITONIUM YOU STOLE. *
YOU'RE GONNA HAVE TO NAIL WYLDE BEFORE THEY FIND IT AND US.
* Last issue. -- JOEY

GYPSIES AGAINST WYLDE'S TRAINED GUARDSMEN AND MERCENARIES...
... WE DON'T HAVE MUCH OF A CHANCE.
LOOK BEYOND THE SUPERFICIAL, GIRL.
WE ARE OUTNUMBERED, BUT WE HOLD SOMETHING WYLDE DESPERATELY WANTS.

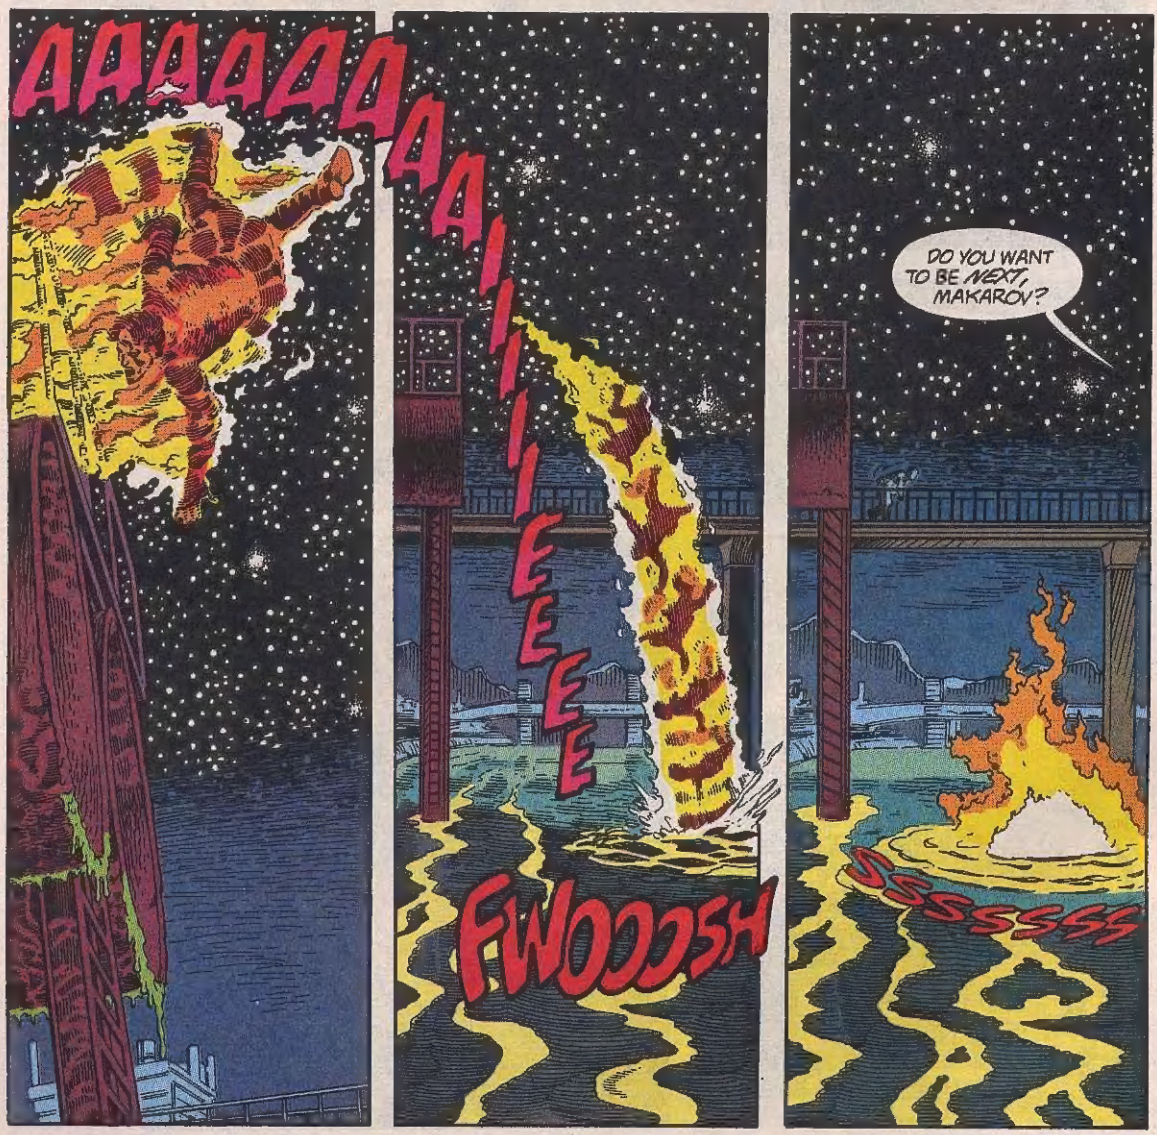


TRITONIUM. A RARE, POWERFUL AND VOLATILE ENERGY-GENERATING ORE MINED ON SATURN.
WYLDE INTENDED TO USE IT WITH THE PIXEL CORPORATION AGAINST ALCHEMAX.

IT WILL BE OUR BAIT AND HIS DOWNFALL.
YEAH. IF IT DOESN'T BLOW UP IN OUR FACES.



CUTTING THROUGH THE HEART OF LATVERIA, THE CIRI RIVER NOW RUNS BLACK AND THICK--
--TAINTED BY UNCHECKED WASTE SPILLING FROM THE SEWERS OF GOJRADIA.
AAAAAAIIIEEE



AAAAAAAAIIIEEEE
FWOOOSH
DO YOU WANT TO BE NEXT, MAKAROV?
SSSSSSS

ZONE...
YOU AND ALEKSANDR DISAPPOINT ME.
I EXPECT MORE FROM ALCHEMAX ESPIONAGE.

BE SMART. SAVE YOURSELF THE PAIN. WHERE'S THE TRITONIUM?
TOLD YOU, DON'T KNOW. CHECKED DOOM. DOESN'T CROSSREFERENCE ANY INDEPENDENT.

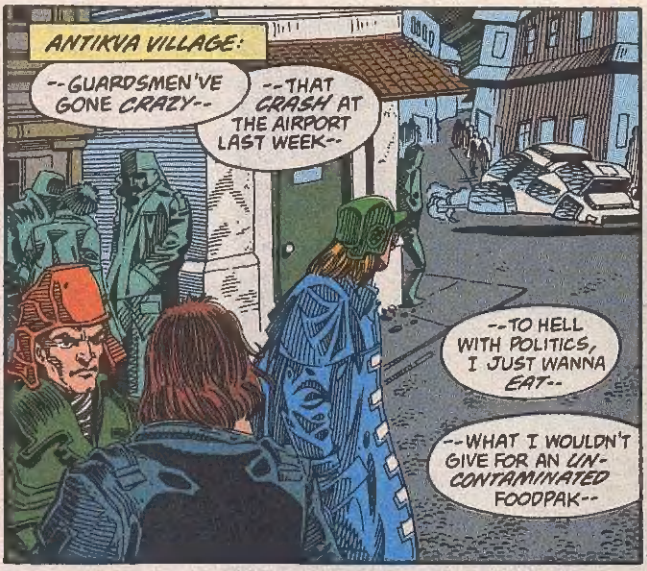
DON'T LIE TO ME!
IF ALCHEMAX HAD...TRITONIUM... WOULDN'T BE HERE...DOOM... BURNED YOU... BAD...

HAD ALCHEMAX ENGINEERED THE TRITONIUM THEFT--
--TYLER STONE WOULD MAKE CERTAIN I KNEW. HE LOVES TO GLOAT.

WYLDE...PLEASE... PROFESSIONAL COURTESY...

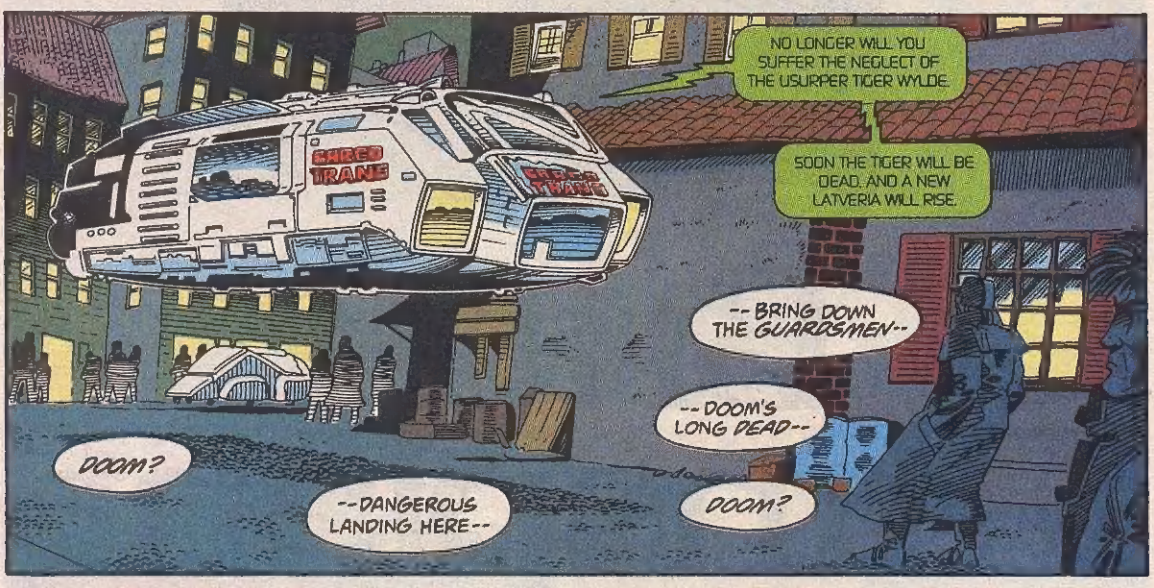
OF COURSE. A QUICK DEATH.
SKROOWWM

ANOTHER DEAD END, AND, STILL, WE HAVE NEITHER DOOM NOR THE TRITONIUM.
I AM NOT HAPPY.

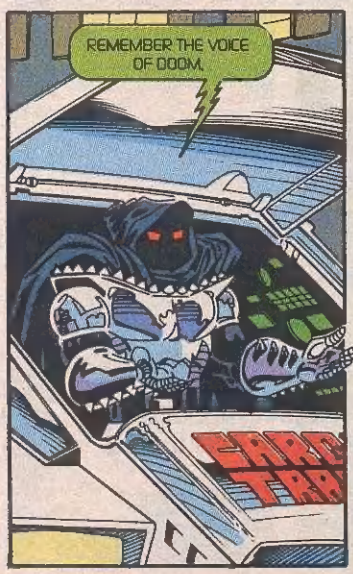


ANTIKVA VILLAGE:
--GUARDSMEN'VE GONE CRAZY--
--THAT CRASH AT THE AIRPORT LAST WEEK--
--TO HELL WITH POLITICS, I JUST WANNA EAT--
--WHAT I WOULDN'T GIVE FOR AN UN-CONTAMINATED FOODPAK--

CITIZENS OF LATVERIA -- HEED THE WORDS OF DOOM!

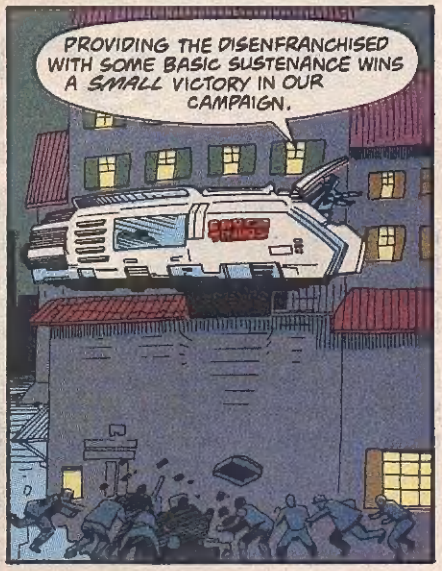


NO LONGER WILL YOU SUFFER THE NEGLECT OF THE USURPER TIGER WYLDE.
SOON THE TIGER WILL BE DEAD, AND A NEW LATVERIA WILL RISE.
--BRING DOWN THE GUARDSMEN--
--DOOM'S LONG DEAD--
DOOM?
--DANGEROUS LANDING HERE--
DOOM?



REMEMBER THE VOICE OF DOOM.

--GRANDMOTHER TOLD ME ABOUT DOOM--
--HE'D BE ANCIENT--
WHO CARES? THOSE ARE SYNTHIA FOOD CRATES.



PROVIDING THE DISENFRANCHISED WITH SOME BASIC SUSTENANCE WINS A SMALL VICTORY IN OUR CAMPAIGN.

FOOD SUCCEEDS WHERE RHETORIC CANNOT IN DISRUPTING WYLDE'S STATUS QUO.
WELL, OUR CHARITY DROPS HAVE JUST BROUGHT US AN UNWANTED AUDIENCE.
SURRENDER AND LAND IMMEDIATELY OR WE OPEN FIRE.
THIS TRANSPORT'S NOT ARMORED OR ARMED. HOW DO WE GET OUT OF THIS?
PILOT THE SHIP. I WILL TAKE CARE OF OUR WOULD-BE CAPTORS.
SSSZZZCCHHH
KKKTTHHOOWWW
I'VE NO LOVE FOR GUARDSMEN, BUT--
-- THAT WAS COLD, DOOM. ABSOLUTE ZERO.
I DO WHAT MUST BE DONE.

GOJRADIA.
DEVARGAS, YOUR ARRIVAL IS UNEXPECTED.
I DIDN'T EXPECT YOU TO VENTURE BEYOND THE GERM-FREE COMFORTS OF YOUR MADRID OFFICE.
I WOULDN'T RISK EXTERNAL CONTAMINATION IF MATTERS WEREN'T SO URGENT.
YOU MAY SPEAK FREELY IN FRONT OF MY ANDROGYNE SERVANTS--
THEY ARE BIOSHOP CREATIONS, MINDLESS AND SERVILE.
SUCH AN ANTISEPTIC HEART BEATS BENEATH YOUR BAROQUE TRAPPINGS, DEVARGAS.
YOU'RE IN NO POSITION TO BE FLIPPANT, WYLDE--
YOUR LOSS OF THE TRITONIUM DISTRESSES US DEEPLY.
WITHOUT IT WE CANNOT UNDERCUT ALCHEMAX'S NORTH AMERICAN ENERGY MONOPOLY.
WHO IS DOOM?
NO ONE OF CONSEQUENCE. I WILL FIND HIM AND TAKE BACK THE TRITONIUM.

WHEN YOU BROKE WITH ALCHEMAX, WE WERE IMPRESSED BY YOUR DETERMINATION AND TENACITY.
WHEN YOU TOOK LATVERIA, OUR RESPECT FOR YOUR SKILL ONLY INCREASED.
NOW I HOPE YOU ARE NOT LOSING YOUR EDGE, WYLDE.

REMEMBER WHAT I SAID--
--GET THE TRITONIUM.

GO BACK TO MADRID, YOU SHRINK-WRAPPED, SANCTIMONIOUS CRETIN--
I NEVER INTENDED MY ALLIANCE WITH PIXEL TO BE MORE THAN TEMPORARY.

LOSING MY EDGE?

MARK'S REMARKS

"What's in a name?" asks Shakespeare. "A rose by any other name would still smell sweet." Okay, Will, fine, but how about a super hero? Would a super hero by any other name be as popular?

I ask myself this question because part of my job as Senior Executive Editor of the mighty Marvel Comics Group is running a clearinghouse for superhero names. Whenever an editor receives a story idea or plot from a writer involving a new character, the editor has to run the name by me for approval. I've compiled Marvel's Master List of Character Names on my desktop computer to scan to see if that name is currently in use. By us, that is. As far as other publishers go, we do not as yet have (or are we even thinking about compiling at this time) a comparable list of all the other characters who've crossed the page of a comicbook somewhere. So when it comes to insuring that no other publisher has a character by a certain name, I have to resort to my memory. Although my memory's not bad, I don't read every single publication within this wonderful medium of ours (reading all the Marvels is time-consuming enough), so there are characters that escape my sensory input and memory filing.

And occasionally, names that I clear get shot down once our legal department conducts a trademark search. Case in point — *Paragon*, the new super hero title we're doing in conjunction with the religious publisher Thomas Nelson. I thought we would have had a clear claim to that name since we first used it back in '77 for the hero who was later named Her. But, it seems, two other publishers (who shall go nameless) also placed their dibs on that name, and one of them managed to beat us out of our claim to it. Case closed.

All this is to say that the book (and character) we've been promoting as *Paragon* will henceforth be known as ILLUMINATOR. The legal search has been done, and we've got the new name nailed down. Everything about the character is the same as before except the name. Which leads me to my initial question: how much does a name have to do with a character's popularity? Fortunately, both Paragon and Illuminator are equally fitting names for our charismatic new hero, but who can say if one name would have made him more appealing than the other? What do you think?

OUT OF MY HEAD

Once again, my fellow Latverians, the reaction was unanimous. To wit. . .

Dear Joey and Sarra,

WOW!! Even though the cover was silver, DOOM 2099 #1 was pure gold! Of the three 2099 titles I've read, this one is the best. The only thing I didn't like was that it was only thirty pages long. You brought up so many questions, I can't wait until DOOM 2099 #2. Who is this guy? He can't be the real Dr. Doom. Too young and no scars on his face, so what gives? Maybe it's a time-traveling Kristoff (the kid Doom programed to think he was Dr. Doom), or the real one traveling in a time early in his career. Like I said, you have left me with so many questions, I can't wait until next month.

On the art side, I can't heap enough praise upon the work of Pat Broderick. The battle scenes were fantastic, and I especially enjoyed the new look for Doom; much more evil-looking and dangerous.

Finally, I hope you plan plenty of crossovers with the other 2099 titles, especially the Spider-Man and Punisher characters. By the way, what other plans are there for the 2099 universe? More updates or more original titles like RAVAGE 2099?

We've got 2099 UNLIMITED, a quarterly featuring a little of *both*, coming in May. It doesn't stop there, either! Wait'll you see what's coming your way next, Kevin.

Dear *Voices of Doom*,

DOOM 2099 is fantastic. It's about time Doom got his own book (if this is the real Doom, which I do not think it is). I've come to this conclusion from reading F.F. #278-279, in which Doom is assumed dead. As a contingency plan, the Doom robots brainwashed Kristoff, a Latverian boy, into believing he was Doom. It was so complete that Kristoff had all of Doom's memories and couldn't be convinced he was anyone but Doom. I believe that the Doom of 2099 is actually someone who, like Kristoff, was brainwashed into thinking he was Doom. I hope this mystery won't be resolved for a while, since it's one of the book's strong points.

The art is terrific. Pat gives Latveria a perfect blend of the original village look and the high-tech 2099 atmosphere. Long Live Doom!

Many correspondents believe our "hero" to be Kristoff or someone like him, Chris! All the more reason to pull the rug out from under you all. Heh heh heh!

Dear *Voices of Doom*,

Re: DOOM 2099 #1: Good, very good. You have crafted a compelling tale, which resulted in this jaded reader going over the issue several times before putting it down. I was intrigued by the rapid, yet careful manner by which you integrated the former monarch into the Latveria of Marvel 2099. The elimination of the guardsmen on page four and the entire sequence from page 19 on, whereby the new Doom is born is perfectly in character. I was caught off guard by the fact that this Doom may be the same one we've grown to know and hate over the years. Perhaps the events which flung Doom into the future and which destroyed his castle are connected. All in all, a very good beginning.

However, I did find Doom's complete defeat at the hands of Tiger Wylde to be too easy. I could not accept that the real Doom would have been so quickly beaten by any cyborg no matter how low his power reserves or how disoriented his journey had made him. His comment about not expecting a cyborg didn't make sense. He had only to look at his foe to see that he was not totally human.

Minor quibbles aside, this series looks like a must read for me. Well done!

Well, if you saw Doom for the first time, wouldja realize he was human, Steve?

Dear *Voices of Doom*,

You really pulled it off! I had all kinds of doubts about this book, but you kept me glued to it! Kudos to Pat Broderick! From Doom's armor to his stance, the good doctor was portrayed excellently. I've not seen Doctor Doom drawn this well since John Byrne! And the new armor is the ultimate! Costanza and Scheele completed the power which gripped me and held me there!

As great as this book was, I was not fooled. The new Doom can only be one man — Kristoff! Only he could not have a scarred face, look twenty years younger, and still believe himself to be Doom. The incredible pain he remembered was probably a result of Justice Peace's gun blast in F.F. #352. Also in that issue Doom wears a silver armor bearing an uncanny resemblance to Doom's 2099 wear. Hmmm. . .).

I can't wait for DOOM 2099 #2!

Look, Dave, just because two guys have the same outfit it doesn't mean they got 'em at the same place!

Dear *Voices of Doom*,

Please don't draw out the mystery of whether or not this Doom is the original. I like the idea of the original Doom surviving for more than one hundred years. If it is the original Dr. Doom, and I hope it is, why is he so young and unscarred?

I understand that you need the mystery, but if it goes on for more than ten issues, it'll get old and tiresome.

Point taken, Jason. While the mystery adds to his appeal, we think you'll see that there's more to Doom than the face behind the mask!

Dear Monarchs,

It's about time! Finally one of Marvel's greatest characters, Doom, gets his own title. Bravo! The whole 2099 series is an excellent idea, but watch those time lines. Didn't Doom kill his futuristic alter ego in an "Iron Man and Doc Doom go to the future" issue years ago? That old Doom wasn't fit to rule and was eradicated by his younger time traveling self.

Issue #1 was fantastic. The story's great, and the artwork is topnotch. I can't wait to see Doom rule again. Hopefully, more than just Latveria...possibly the universe. Wire, Xandra, and Fortune are perfect additions and should help Doom immensely in 2099. Don't forget to have Doom try to rescue his mother's soul every so often, since, I am sure Mephisto is still hanging around. Also, who else is going to pop up in 2099? You can always have those guys from the past jumping into the future (like Reed Richards, who can invent a time machine faster than I can figure out how to work my VCR).

May Doom conquer all who oppose him, and rule over the new Marvel Universe to fulfill his destiny! Make Mine Doom!

Joey's betting that when you see Wire and company this issue, you'll want to see them in solo action soon! What do you think?

NEXT ISSUE: The final showdown! Doom vs. Tiger Wylde as "Fire Answers Fire!" Think we can't top this issue? Wait 'n' see!
